SIGNAL ALTERATIONS—

SLOUGH (DOLPHIN JUNCTION)

**SATURDAY 14th JULY
TO
SUNDAY 19th AUGUST**

Between Saturday, 14th July and Sunday, 19th August, or until completion, the Divisional Signal and Telecommunications Engineer will be engaged in carrying out the following work in stages as shown below:—

SATURDAY, 14th JULY TO TUESDAY, 17th JULY

Between 22.00 hours on Saturday, 14th July and 06.00 hours on Tuesday, 17th July, or until completion, the Up Relief to Up Main and Down Main to Down Relief Junctions will be taken out of use.

During the occupation the signals affected, viz: S14, S27, S114, S125, S127 and DM16 will be disconnected and maintained at danger and will be brought back into use progressively as the work is completed.

New junctions situated adjacent to the 17½ mile post will be brought into use progressively as listed below, to give a final layout as shown in heavy type on the diagram overleaf. Track circuits will be adjusted accordingly.

All the crossovers will be electrically operated by Westinghouse M3 type point machines, but the Up and Down Main facing crossover will also be fitted with swing nose crossings and these will be operated by Electro Hydraulic machines.

The new junctions and the associated signal routes will be brought into use as follows:—

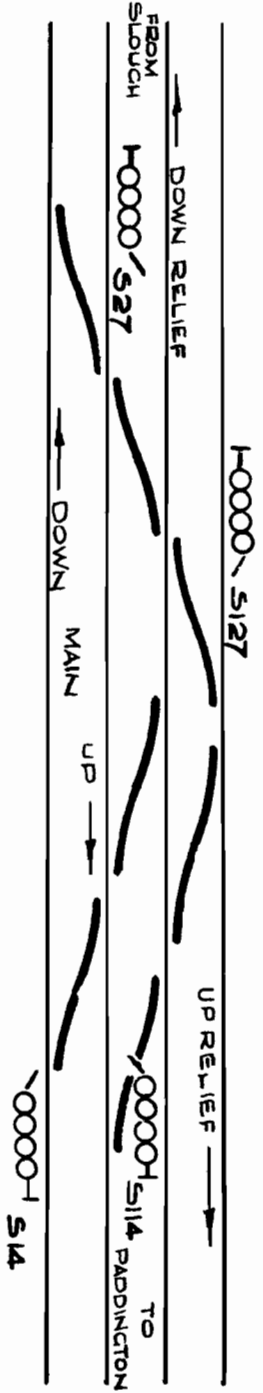

TUESDAY, 17th JULY TO THURSDAY, 19th JULY

Between 06.00 hours on Tuesday, 17th July and 22.00 hours on Thursday 19th July, the three junctions for the Up Main to Up Relief and Down Relief to Down Main routes will be brought into use.
